

MOK Owen

owenmok202@outlook.com — +852-66860710 — github.com/Mokmokhi — [linkedin.com/in/owen-mok-a150052a3/](https://www.linkedin.com/in/owen-mok-a150052a3/)

Summary

A self-motivated programmer with sufficient foundation in Mathematics and supportive knowledge in Computer Science. Experienced in Python, C++, and web development. Passionate about building efficient software solutions and exploring new technologies, especially in exploring various algorithms.

Skills

- **Languages:** Python, C++, C#, Pascal
- **Web:** HTML5, CSS3, React, Node.js
- **Frameworks:** Django, Flask, Express
- **Tools:** Git, Linux, VSCode
- **Databases:** MongoDB, AWS DynamoDB, MySQL
- **Machine Learning:** PyTorch, TensorFlow, Scikit-learn
- **Other:** LaTeX, Obsidian, LEAN4

Projects

AutoGNN Framework

Python, PyTorch, NetworkX

Built a modular GNN pipeline for representation learning and region-of-interest discovery, with interpretable attention modules and offline RL training via Conservative Q-Learning.

Highlights: custom GAT and VGAE modules, ROI agent with actor-critic, dynamic entropy penalty modeling.

Pacman

C#

Developed a Pacman game using C# with a custom AI agent that simulate NPC's actions. The first successful project with university teammates.

Work Experience

Tutor, Total Wise Limited

Jun 2023 – Aug 2025

- Preparing and distributing learning materials for colleagues using LaTeX.
- Deeply explain mathematical logic to highschool students with attractive thoughts.
- Sharing teaching understanding with co-workers, improving the working strategies.

Education

M. Sc. in Mathematics

Expected Graduation: Aug 2026

The Chinese University of Hong Kong

Relevant Courses: Mathematical Principles of Artificial Intelligence (A), Topics in Number Theory (A), Computational Mathematics (A-), Linear Analysis (A-)

B.Sc. in Mathematics

Gaduated: Aug 2023

The Chinese University of Hong Kong

Relevant Courses: Computer Principles and C++ Programming (A), Software Engineering (A), Fundamental in Machine Learning (B+), Optimization Theory (B+), Game Theory (B+)

Languages

Chinese (Native), English (Fluent), Mandarin (Fluent), Japanese (Intermediate)
